## QASEL Newsletter Edition 2, 2021

### President's Update

#### Newsletter Feedback

My thanks to those members who took a few moments to email their thoughts regarding the QASEL newsletter. Edition 2 is my first attempt at utilising the software package so please forgive any bugs or glitches. Based on your feedback I'm going to trial a fortnightly newsletter this term published on "off-pay" weeks. I'll review that at the end of term and seek your feedback again.

#### Governance

Members would be aware that QASEL ratified its constitution at a Special General Meeting on 28 August 2020. Following that meeting the constitution was then forwarded to the Office of Fair Trading (OFT). I'm pleased to advise that the OFT have confirmed the registration of our *Amendment of Rules* thereby finalising this process. The new constitution is now official and will be available to all members in the members section of the QASEL website soon.

I am also pleased to report that the audit report held over from last year's AGM has been received and accepted at the Executive and Management Committee on 9 February 2021. One of the functions of any audit is to identify areas an organisation can improve. This audit identified changes we could make to the processes we have in place to retrace receipts and minute taking. We have moved quickly to accept and action these recommendations.

#### Term 1 New Member Special - There has never been a better time to join QASEL!

New members wanting to join QASEL can take advantage of a Term 1 special to join now and pay nothing until 1 July 2021. The deferred payment allows new members to take advantage of all QASEL has to offer without making payments until they receive their scheduled pay rise from 1 July.

Note this special is available to new members paying by **payroll deduction only** and their membership commences once payroll deduction forms are completed and sent. (Paying by payroll deduction reduces QASEL administrative time and costs – allowing us to dedicate more resources to supporting our members).

If you know a potential new member please alert them to this opportunity. For more information please email our business manager – [bm@qasel.org.au](mailto:bm@qasel.org.au)

#### ECDP

During the last few weeks I have received some enquires from members regarding ECDPs and the Operating Guidelines for ECDPs. Firstly, can I reassure members that ECDPs have a very strong place in the department's early years plans and will continue to do so into the future. Many of you will remember the ECDP Forum held on 12 September 2019. Historically it was the first time that staff from all ECDPs across the state were brought together.

Prior to the forum each ECDP was asked to submit a case study. An analysis of these case studies began in 2020 with a view to using them to develop some "best practice guidelines" to support the work of ECDPs across the state. However, like many things in 2020, COVID-19 disrupted these plans, but this work will recommence in 2021.

Of course, QASEL will continue to be a key stakeholder and I would love to form an ECDP subcommittee to drive this and provide valued feedback to the department. In the near future I would like to schedule a MTeams meeting for all QASEL members working in ECDPs. Unfortunately, our current data base doesn't indicate if members work in an ECDP unless it is a "stand alone ECDP".

If you're currently working in an ECDP would you mind shooting me a quick email with the subject heading QASEL ECDP so I can include you in future invitations. QASEL has a proud history of strong advocacy and support for ECDPs, your support helps us to continue to influence this work.

#### Executive and Management Committee (EMC)

Our first executive and management committee meeting was last Monday via MTeams. The function of the EMC as described in our constitution is to *control and manage the administration of the affairs, property and funds of the Association*. This might include, but is not limited to, interpretation of the meaning of the constitution, decisions relating to membership and membership eligibility, financial decision-making and other decisions relating to governance and the general administration of the organisation.

Our first meeting of 2021 had a full agenda that included a range of governance issues such as the appointment of our new business manager, 2020 audit report, registration of our new constitution, insurance matters, new members special offer, regional council representation, storage of QASEL historical documents and updates on the Disability Royal Commission and QASELcon21.

I'd like to thank all the members of the executive and management committee for their active participation and ongoing support. I look forward to our first meeting with EMC and State Councillor members on Friday 5 March. Attached is a full list of your Executive, Management and Regional Councillor representatives.

#### From the conference planning committee

The QASEL conference committee invites members to showcase their school's work and achievements in building confidence, collaboration and creativity by presenting a workshop that you would like to share with conference attendees, including other special education leaders and teachers. This is an ideal opportunity for you to share the great work you do each and every day. The conference committee encourages submissions from all sectors and departments. QASELcon is always a wonderful opportunity to hear from thought leaders, senior officers, researchers and other keynotes but a feature of our conference has always been the sharing of great practice across the state. Members who applied to present a workshop last year will be sent an email in the coming days giving you an opportunity to indicate if you would like to update your EOI.

Please note that one workshop presenter from each workshop will receive a \$50 discount on conference registration fees in addition to any QASEL membership discounts.

The call for conference abstracts is attached to this newsletter. Any questions regarding presenting a conference workshop can be direct to Nicole Rouen [nfinc4@eq.edu.au](mailto:nfinc4@eq.edu.au) and abstracts must be submitted by Friday 12 March.

If you'd like to be involved in the QASEL conference committee please email the conference convenor Andrew Thompson on [athom138@eq.edu.au](mailto:athom138@eq.edu.au)
